- ➔ Related coursework: Passed with 77.2 percentage.

SECONDARY(CLASS-X) | BRAHMA SHAKTI PUBLIC SCHOOL
2016

- ➔ Related coursework: Passed with 91.2 percentage.

PROJECTS

INTERNAL QUALITY ASSURANCE CELL | FULL STACK WEB APPLICATION
2021-22

- ➔ We propose a solution as an online portal the Internal Quality Assurance Cell (IQAC). This system will collect, store and organise the university's data. Data collection will be done through its web interface. Multiple users like Deans, HOD, Faculties etc can log in with their credentials and provide the relevant data of their department/school. On the other hand, they can also easily access their department/school's data.
- ➔ My role in this project is fixing the bugs and other printing functionality.
- ➔ I learned the automation of coding workflow to meet the requirements on time.

TECHNOLOGIES USED

- ➔ Front end development : HTML,CSS,JAVASCRIPT,React.js.
- ➔ Back end development : Python, Django.
- ➔ Database : Postgresql
- ➔ Tools : Github, Vscode, Postman

WEATHER APP
2021

- ➔ Get daily weather updates of your location.
- ➔ Getting data from API OpenWeatherMap is a service that provides various weather data through API.

TECHNOLOGIES USED

- ➔ Front end development : HTML,CSS,JAVASCRIPT
- ➔ Tools : Github, Vscode

SKILLS

PROGRAMMING

Languages:
C++ • Java

Experienced:
C++ • Java

Script:
Javascript

LIBRARIES/FRAMEWORKS

ReactJs • Node.js • Bootstrap5

TOOLS/PLATFORMS

Git • Github • VSCode • Postman

COURSEWORK

GRADUATE
Data Structures
Operating System
Database Management System
Object Oriented Programming
Computer Networks

CERTIFICATIONS

RESPONSIVE WEB DESIGN
FREECODECAMP
2022
Developer Certification.

PROGRAMMING FOUNDATION: DATABASES
LINKEDIN
2022
Hands on experince in SQL
